

# Specifications

|                             |                     |
|-----------------------------|---------------------|
| Power                       | 30-225 Watts        |
| Voltage Range               | 90-277 VAC          |
| Flowering Footprint         | 3' x 3'             |
| Veg Footprint               | 4' x 4'             |
| System PPF Efficacy         | 2.8 $\mu$ mol/joule |
| Total output                | 630 PPF             |
| Dimensions                  | 26" x 10" x 2.75"   |
| Recommended Mounting Height | 24 -36 inches       |
